Equipment Selection Questionnaire**

DEPTH SOUNDER

Check all that apply and make additional comments in space provided. This will help us determine the best choice of radar for your specific application.

- This vessel is used for recreational activities only.
- I fish offshore and participate in tournaments.
- This is a commercial offshore fishing vessel. Type of fishing: _____
- This is a commercial vessel other than fishing.
- This vessel's hull is constructed of aluminum or steel.
- This vessel's hull is constructed of fiberglass (non-metallic)
- Vessel is a planing type hull. Cruising speed: _____ knots
- Vessel is a displacement type hull. Cruising speed: _____ knots
- Vessel has inboard engines. Number of engines/props: _____
- Vessel has outboard engines. Number of engines: _____
- I mainly need a shallow water sounder (less than 50 ft)
- I need a sounder that will mark dependably at depths beyond 1000 ft.
- I prefer a combination unit that shares a display with my radar and/or chart plotter.
- I prefer a stand-alone unit. Display size: _____ to _____ inches
- I primarily want to see bottom depth and contour, not fish.
- I have a specific price budget range for a depth sounder of \$ _____ to \$ _____
- I prefer a specific brand of depth sounder. Brand: _____
- I only need a sounder that will provide digital depth (how deep the water is), not a full display.
